

Elementary Math Exposition

AUGUST 28, SAMMAMISH LIBRARY 11 AM-5 PM

Elementary School Students–

- Gain skills and problem solving abilities that will aid you in middle, school, high school, and beyond. Learn tips and tricks that make math fun!
- Receive one-on-one guidance from top high-school mathematicians, many of whom have won multiple awards at state and national competitions

Middle School/High School Students–

- Earn valuable service hours and give back to your community by sharing your math skills with the next generation
- Work with our passionate student leaders, who lead their own math clubs and are devoted to the cause of improving math education in the U.S.
- Get connected with our statewide math community
